

Are you curious about working within Private Equity? Take the opportunity to work as a Summer Analyst and apply to our Private Equity Internship at Evolver.

### **Who are we?**

We are a Private Equity firm investing and developing Finnish and Swedish SMEs with good profitability, strong market position and significant growth and operational improvement potential. Our mission is to help our companies accelerate their growth and realise their inherent potential by contributing with know-how, tools and capital.

### **Are you the one?**

We are now looking for a Private Equity Summer Analyst to join our team of 10 investment professionals. The role offers an exciting opportunity to work at a prospering Private Equity firm with highly motivated and knowledgeable colleagues. We expect you to be studying in a relevant university program (e.g. finance, accounting, economics, law, engineering) with a strong academic record. Preferably, you have some relevant work experience from previous summer jobs and internships in addition to skills in financial modelling, valuation, and accounting principles.

The role offers you a hands-on experience from the private equity industry while getting to spend time in Mariehamn and the Åland archipelago. The internship period is preferably during summer 2024. It is a great opportunity to kick-start or advance your career within investments and private equity. Upon successfully completing the internship a part-time analyst position, that is flexible alongside studies, may be offered.

### **How do I apply?**

Please send us your CV, university transcripts and a brief letter describing your motivations for working in Private Equity as a Summer Analyst at Evolver as soon as possible but latest by 12.1.2024 to info at [evolverequity dot com](mailto:evolverequity.com). For more information on Evolver, our portfolio and investment strategy or the position, please visit [www.evolverequity.com](http://www.evolverequity.com), or contact Mathilda Björklund at +358 457 34 21 911.

Evolver promotes diversity and inclusion in the workplace and encourages women and people from diverse backgrounds to apply for the role.

Our highly successful Summer Analyst Programme was established in 2013 has had 32 participants to date. For previous participants this programme has been a great steppingstone for their careers, and they can now be found at institutions like The Blackstone Group, EQT, Altor, McKinsey & Company, Barclays, Axcel, Bridgepoint, Intera Partners, Oliver Wyman, Evli, UPM, Bank of America, Livingstone, NREP, IBM, etc.

## Tales from recent Summer Analysts

*"The Summer Analyst Internship at Evolver was a great experience, and I'd highly recommend it to anyone considering a career in Private Equity. Working at a smaller firm, where the work you produce really matters, was both motivational and educational. I had the opportunity to explore a wide variety of tasks, often with a great degree of freedom and ownership. Combining these aspects, the Internship helped me sharpen both my quantitative and qualitative skills, preparing me well for future endeavours"* says Alex Johansson, Summer Analyst 2023.

---

*"The internship experience at Evolver is an invaluable experience providing in-depth insight into Private Equity. As an intern, you get to work on diverse tasks, such as analysis of market trends, screening attractive acquisition targets and being part of daily value-creation work in portfolio companies"* says Hedda Hakala, Summer Analyst 2022.

*"I participated in the Summer Analyst Internship at Evolver Equity in 2021. The internship was a valuable opportunity for me to learn about the Private Equity sector and gain practical experience that complemented my studies. As a summer intern, I was involved in various tasks such as market research, screening investment opportunities, as well as assisting in company and industry analysis to support investment decisions. During my summer in Åland, I gained a lot of valuable skills that have proven useful in my career.*

*I highly recommend this internship to anyone who is curious about Private Equity or the financial services sector in general" says Catharina Sandman, Summer Analyst 2021.*

---

*"I got the opportunity to work on assignments that aligned with my interests. I worked with various internal legal projects relating to Evolver's investments and the tasks included working directly with clients and portfolio companies, drafting agreements and working with complex legal issues. Through this experience, I got a practical perspective to my studies in both law and economics, and I got a good view of how it is working at a Private Equity firm. The atmosphere at Evolver is professional and supportive and I really enjoyed my time there.*

*I would definitely recommend Evolver's Summer Internship for anyone with a particular interest in transactions and who is curious about what it's like working in Private Equity" says Emma Wilhelmsson, Summer Analyst 2020.*

---

If you have any more question, please contact Mathilda. We hope to hear from you and get the chance to work together during the summer of 2024. And then maybe in a few years, we can reunite again to work together.
